

Athena Spectrum Licence Options & Additional Services

About Athena Spectrum

Athena Spectrum is a comprehensive software suite for independent training providers (ITP's) which has been designed to simplify the entire learner journey. From initial enrolment to course completion, our platform streamlines your processes with integrated features like ePortfolio and digital document creation.

At the heart of **Athena Spectrum** lies **Athena MIS**, providing robust data management and reporting capabilities. By combining this suite of powerful tools, we empower your learners to develop essential digital skills by uploading evidence, recording OTJT and completing eLearning assignments while you focus on delivering exceptional training.

It's not just about software! We provide a unique combination of our software and support services for small ITP's to help navigate the complexity of ESFA funding rules, compliance and to ensure the all important funding is drawn down.

Athena Spectrum currently comprises of:

Athena MIS	Athena ePortfolio	Athena eDocs
Desktop Application Web Application	Web Application	Desktop Application

Key Features include:

Athena MIS - Dashboards:

- **Home** - monitoring mandatory data including missing ILR data, passed planned end date etc.
- **Visits** - create, monitor and report on contact, visits & progress reviews through the learner journey.
- **Attendance** - monitor, create and report on individual or cohort attendance and OTJT hours.
- **IQA** - for IQA's to perform duties including IQA reports, assessor actions and evidence verification with progress map.
- **Evidence** - overview of ePortfolio activity, learners with /without an ePortfolio by type, assessor and year.
- **ILR Report** - monitor and validate learner ILR data requirements and generate ILR's required for ESFA or lead providers.
- **Messages** - internal message centre for IQA, learner, assessor / tutor with automated reminders of visits booked.
- **My IQA Activity** - for assessors / tutors to track IQA reports and actions set by your IQA.
- **Applicant Onboarding** - create profiles on the fly, email eDoc link to applicant, import data, & convert applicants to learners.

Athena MIS - ePortfolio & IQA Management:

- **ePortfolio** - create & assign access, map evidence to outcomes, units, reviews, visits & OTJT and provide feedback.
- **IQA management** - assessor/tutor risk assessment, create sample plans, IQA monitoring.
- **My Profile** - staff/user ePortfolio for course resources, eLearning workbooks, CPD, digital signature & IQA actions.

Athena MIS - Course Management:

- **Course Creator** - build courses available in the LAR's database or bespoke content across all funding streams. (Provided)
- **Unit Criteria** - add outcome criteria to units for evidence mapping, feedback and learner journey progression. (Provided)
- **Curriculum Manager** - build sessions/assignments from course resources and eDocs, assign to course & automate mapping
- **Resources & eDocs** - add any resources and eDoc workbooks, forms, surveys, diagnostics at the course level, cohort assigned

Athena MIS - Statistics & ESFA Funding Reports:

- **General** - including; age, gender, ethnicity, disability, learning difficulties, prior attainment, functional skills, destination etc.
- **QAR** - Import ESFA generated QAR .csv files and compare with real-time live data.
- **EDIMS** - Import ESFA generated .csv files and compare with live data.
- **ILR & Period End Reports** - Import ILR submission & PE Reports, compare Indicative Earning with PE Monthly Payments etc.

Athena MIS - Attendance:

- **Classroom Manager** - create classroom groups across funding years and cohorts, message entire class to schedule activities.
- **Classroom Registers** - build registers from classroom groups, log OTJT hours, track attendance / not required to attend etc.

Athena ePortfolio - versions for:

- **Learner** - for all learner types to access learning, upload evidence, track progress, log OTJT, complete forms, surveys, feedback
- **Employer** - for employers to track apprenticeship progress, complete & sign forms, log and approve OTJT hours
- **External Quality Assurance** - create login for EQA to assess specific learner ePortfolios, IQA reports & actions

Athena eDocs:

- **Desktop application** to create digital workbooks, forms, surveys, diagnostics, quizzes and to easily re-purpose paper based application forms and training materials for online signature & completion from within both **Athena ePortfolio** and from our **Athena eDocs viewer**.

Licence options

Athena Spectrum is available on an annual SaaS licence agreement with the flexibility of either an up front single payment or spread the cost with our monthly subscription via GoCardless Direct Debit, at no additional cost.

Choose your **Athena Spectrum** licence type by functionality:

Standard includes:

Athena MIS only - for:

- ILR creation
- data management
- course management
- IQA management
- progression tracking.

Premium includes:

The full Athena Spectrum:

- Athena MIS
- Athena ePortfolio
- Athena eDocs

Enterprise includes :

The full Athena Spectrum:

- ILR validation
- Monthly ILR submissions
- ILR reports & PE Reports
- DfE & AS help desk support
- QAR support.

Enterprise - Unleash the Full Power of Athena Spectrum with Our Comprehensive Support Services

While we provide expert guidance on using our suite of software applications, we understand that successful funded delivery requires additional support, from Apprenticeships to AEB and everything in between, that's where our comprehensive Support Services come in. We act as your trusted data management and compliance partner, going the extra mile to ensure your success.

Our pricing structure is based on learner numbers, for example in a year you may have:

- 15 Apprentices
- 60 Adult learner loans
- 75 Bootcamps
- 150 Adult Education Budget - subcontracted

totalling of **300** learners across **4** funding streams, depending on the licence type your fees would be as follows:

Standard	up to 300 learners	£4,200 pa (£350.00 pm) Athena MIS only
Premium	up to 300 learners	£6,600 pa (£550.00 pm) Athena Spectrum
Enterprise	up to 300 learners	£13,200 pa (£1,100.00 pm) Athena Spectrum & ILR support.

You may be new to funded delivery, such as being newly approved as a lead provider on the APAR, in which case the following example may better apply to you:

- 5 Apprentices
- No data management / compliance team

Initial learner count is less than **10** apprentices, depending on the licence type your fees would be as follows:

Standard	up to 10 apprentices*	£2,400 pa (£200.00 pm) Athena MIS only
Premium	up to 10 apprentices*	£3,000 pa (£250.00 pm) Athena Spectrum
Enterprise	up to 10 apprentices*	£9,000 pa (£750.00 pm) Athena Spectrum & ILR support.

*We offer an initial license fee for training providers new to apprenticeship delivery, covering up to 10 apprentices. If your current ILR already manages 10 or fewer apprentices, this fee will remain unchanged. For providers with more than 10 apprentices, the standard license fee will apply.

Onboarding Process:

- To start the service, a setup fee is required. This fee will be at least the cost of one month's subscription and will not exceed £2,500. VAT will be added to all charges.
- The standard license covers one database and one location.

Your **Athena MIS** will be available and accessible within a few hours of receiving:

- Set up fee by bank transfer
- Set up of GoCardless direct debit
- Signed SaaS licence agreement
- Signed Data Processing Agreement.

The setup process for the system can take several days to complete, depending on your specific needs. This process includes: Creating courses, contracts and cohorts, user accounts, initial eDocs and importing ILRs. An ILR import fee of £150 per day will be charged during this setup period. Completing these steps ensures a smooth and efficient start to using the system.

Athena MIS Licence Fees

We understand that our pricing structure may not suit every business. If you have specific needs or requirements, please don't hesitate to contact us for a personalised discussion. We're happy to help!

Experience significant cost savings by choosing our enterprise licence. You'll get both the software and expert support, making it a more cost-effective solution than hiring a compliance manager and purchasing additional systems.

Standard	Premium	Enterprise
Athena MIS only - basic data management needs across all learner types, including ILR creation.	The full Athena Spectrum: Athena MIS, Athena ePortfolio & Athena eDocs.	The full Athena Spectrum plus monthly and year end ILR submissions & compliance support services.
